

Senior Leaders Apprenticeship with a PG Diploma (plus optional MBA top-up)

The Senior Leaders Apprenticeship with a PG Diploma, plus the opportunity of an MBA top-up, is a post experience degree.

This degree is aimed at practising managers and leaders who wish to develop an in depth understanding of how an enterprise operates and how, as managers and organisational leaders, they can initiate and bring about change within the enterprise.

The course aims to enhance a participant's ability to think critically and strategically in seeking solutions to complex problems within an ever changing and ambiguous business environment.

Emphasising that as an organisational leader, a manager's practice needs to be responsible and ethically based and, in an increasingly globally connected environment, culturally sensitive. The course is offered in various modes, with a blended mode most suited to an apprenticeship.

Delivery Features:

Part I: Taught modules are mapped to the revised Senior Leader Apprenticeship Standard (SLA).

Assessed through assignments relating to a wide range of management and leadership themes.

Part II: The written thesis project, which is linked to one of the modules, is written individually and submitted at the end of the course.
